

12 November 2025

Dear Families

As the term has progressed, it has been a pleasure to watch our Year 12 students grow in confidence and begin to form a strong and supportive community. Their approach to their studies and to each other has been impressive, and the year group is developing a culture of kindness, ambition, and shared purpose.

Sixth form fund payment: £50 covering two years

I would like to remind you that the £50 sixth form fund is now due and we ask for payment via MCAS.

How do we use the fund?

The single payment of £50, covering both Years 12 and 13, helps us to further enhance and support your child's Sackville School Sixth Form experience. You will not be asked for this payment again in Year 13.

The fund is used to cover the cost of outside speakers, coach travel to the apprenticeship and higher education fairs and other Sixth Form enrichment activities. This includes sessions from outside providers on a range of topics such as study skills, time management, health and wellbeing, to name but a few. Without your contribution we cannot run these activities and events, all of which make a significant contribution to the Sixth Form experience and benefit all students.

How to pay

Please can I ask you to pay this voluntary contribution via My Child at School (MCAS) – Store/All/6th Form Contribution Starters SEPT 25.

If you have any difficulties paying, please do not hesitate to contact me in confidence - mporter@sackvilleschool.org.uk. I am aware of the families who have already paid the fund contribution, so please accept my apologies if you are receiving this letter in error.

Yours sincerely

Ms Mel Porter
Head of Sixth Form
