

23 January 2026

Dear Families

Sussex Apprenticeship Boot Camp

We are pleased to share that Sackville School is taking part in the Sussex Apprenticeship Boot Camp, a new careers programme designed to help students explore and prepare for apprenticeship opportunities.

This is a fantastic opportunity for Year 11, Year 13 and final-year college students who are considering apprenticeships as a next step.

Programme Details:

When: Tuesday afternoons - 4.00pm - 5.00pm

Dates: From Tuesday 10 February to Tuesday 24 March 2026 (six sessions excluding half-term)

Where: Online - Join live or watch on catch-up

If students are unable to join the live webinars, recordings will be available on a private Vimeo channel so they can access the content at a time that suits them. The sessions include practical guidance on how to find apprenticeship opportunities, prepare strong applications, understand recruitment processes, and hear directly from employers and training providers.

If students are interested in taking part, they should complete this [link](#) and the Careers Lead, Helen Smith at Sackville, will forward the full access details and schedule.

Yours sincerely

Mrs Helen Smith
Careers Lead
